

EDI Bill of Lading Instructions

Dear valued customer,

When sending EDI bill of lading instructions to “K” Line America for processing, please be sure to include the appropriate contact information in the **remarks** section of the EDI transmission.

- Contact name
- Phone number
- Fax number or email address

In addition, if you choose to send instructions via EDI, no other form of bill of lading instructions should be sent as this could lead to possible duplication of the bill of lading. Depending on the timing of when the instructions are received, we may choose to process the most recent form of instructions whether it is the EDI data or the paper instructions.

If you have any questions or concerns please contact our export documentation department at 1-800-609-3221 or via email at KAMExdocumentation@us.kline.com

Thanks in advance for your cooperation and understanding.

Best regards, “K” Line America Export Documentation Department.
