Kiyoshi Hosomizo

Mr. Kiyoshi Hosomizo, a candidate for Outside Director, does not have prior experience of direct involvement in corporate management but has assumed important positions at Ministry of Finance and Financial Services Agency over his career. Accordingly, we request his election as an Outside Director because we judge that he will render proper advice to our management and perform appropriate monitoring of our business execution based on his high insight on finance, monetary affairs and other general economic issues accumulated in his career over many years and based on his broad knowledge and high insight on Corporate Governance as well. There is no special interest between Mr. Hosomizo and us.
