Publication of “K” LINE REPORT 2025

Kawasaki Kisen Kaisha, Ltd. (“K” LINE) is pleased to announce the publication of “K” LINE REPORT 2025.

In the “K” LINE REPORT, it explains the progress of our Group’s capital policy, business strategy, and functional strategy as outlined in the medium-term management plan, as well as its efforts in sustainability, including its responses to climate change, from both financial and non-financial perspectives. We have adopted a format that responds to stakeholders' questions starting this year. The report also includes a message from our newly appointed President & CEO, who assumed office in March 2025, and features a special section highlighting an employee roundtable discussion involved in the world’s first full-scale carbon capture and storage (CCS) value chain project.
