“K” LINE Releases Video Update on Forecast for FY2025  
and Progress of Medium-term Management Plan on Its Official Website

Kawasaki Kisen Kaisha, Ltd. (“K” LINE) has released a video on its official website explaining its forecast for FY2025 and its progress of the Medium-term Management plan. Initially shared on “K” Line With, the Group’s internal video communication platform, the video is now available to a broader audience.

Forecast for FY2025 and Progress of Medium-term Management Plan

“K” Line With details the progress of the Medium-term Management plan on a quarterly basis, providing explanations of the latest earnings forecasts and also focuses on initiatives which consider the three important points of the Medium-term Management plan, specifically, the business strategy, the functional strategy and the capital policy. By doing so, it communicates the progress in the Medium-term Management Plan to people in the “K” LINE Group and a broad range of other stakeholders.

In this video, we introduce the initiatives that “K” LINE has been proactively working to strengthen corporate governance. As the business environment surrounding the shipping industry has been undergoing rapid change, “K” LINE has been working to strengthen the corporate governance that enables swift decision-making and a strong supervisory function, while steadily executing the Medium-term Management Plan, aiming for sustainable growth and enhanced corporate value.

“K” LINE has posted the video on its official website in addition to “K” Line With to make outside stakeholders more aware of the Company’s activities. “K” LINE also aims to deepen understanding of the Medium-term Management plan among business sites on land and sea within the Group, globally promote internal communication and information sharing, encourage a sense of solidarity as a source of the Group’s strength, and reinforce the foundation of its business operations.
